By order of the Governors,

ARTHUR L. LOWE, *Chairman of Committee.*

G. H. CUMING BUTLER, *Hon. Secretary.*

Thursday, 15th July, 1909.

The General Institution for the Blind, BIRMINGHAM.

SIXTY=SECOND ANNUAL REPORT.

THE Committee beg to present to the Governors the Report for the year ended 31st March, 1909.

Numbers Benefited. The number of blind persons who received direct benefit from the Institution during the period referred to above was 769, compared with 727 for the previous year. The following is a summary of these cases :—

					<i>Males.</i>	<i>Females.</i>	<i>Total.</i>
Trade	Resident Pupils	97	81	178	
	Day Pupils	7	1	8	
	Teachers	7	6	13

	Other Beneficiaries	19	3	22	
	Adult Blind	113	292	405	
Totals.				341	428	769	

Health. The health of the pupils at the Main Institution has been satisfactory with the exception of only two cases of Scarlet Fever. At the Kindergarten Branch School there was a slight outbreak of Chickenpox in the Autumn, which was successfully dealt with and quickly disappeared.

The Committee review the health of the pupils during the past year with the greatest satisfaction, bearing in mind the serious outbreak of Measles in the district.

This subject is receiving the careful attention of your Committee, especially with regard to the pupils who have been trained at this Institution. The following particulars will show the method adopted :—

A. G. finished his course of training as a Tuner and Repairer of Pianofortes in December last. His home is in a town about twenty miles from Birmingham. In January the General Superintendent and Secretary called upon the Secretary of the Education Committee in the town referred to, and pointed out that assistance could be given to the youth to earn his own livelihood by arranging for him to receive at least a trial in tuning the pianos in the Schools under the control of the Education Committee. As a result it is gratifying to record that the suggestion has been approved. This action will not only find partial employment for the youth, but will doubtless be the means of securing orders for private tunings as well as repairs.

The following is a summary of the 35 Birmingham cases since 1st April, 1903 :—

	<i>Males. Females.</i>	
Collector	1	
Basket Makers	2	
Carpenter	1	
Typists	1	3
Chair Seaters... ..		3
Brush Makers	4	1

Mentally Defective	3	1
Sight improved		1
	<hr/> 15	<hr/> 20

Of these, 6 Males and 10 Females are employed by the Committee of the Institution, and their average weekly wages are :—Males £1 os. 1d. per week, Females 9s. 11½d.

Boarding-out during Holidays. Your Committee make the necessary arrangements for pupils to be boarded-out in cases where their homes are thought to be unsatisfactory. The whole of the expenses in connection therewith are paid out of the funds of the Institution. During the year there were seven cases at Midsummer, ten at Christmas, and two pupils were also specially boarded-out for a few weeks after Scarlet Fever, and in one case the period was prolonged in consequence of Ringworm.

Education and Training. A time-table and a syllabus of the School work of each department at the main Institution, and also for the Kindergarten Branch School, will be found in the appendix to this Report.

The pupils continue to make satisfactory progress, but where such a large number are concerned it naturally follows that some of them get on more rapidly than others.

Careful attention is given to the training and to the mental capacity of the children. Every year the value of the Kindergarten Branch School at Harborne, and the preparatory course of instruction imparted there to the little pupils between the ages of 5 and 12 years becomes more apparent. The minds of the pupils when transferred to the Main Institution, instead of being quite undeveloped, as was formerly the case when they came there direct from their homes, have been specially prepared by the Head Teacher and her Assistants to receive the more advanced education and training at the Main Institution. Arrangements have been made for the Matron of the Kindergarten Branch School to visit the homes of all the children whose names the Committee have authorized to be put on the list of those awaiting admission; she is thus able, by kindly advice, to assist the parents to prepare the children for their life at School.

One of the principal objects of the Institution is to train the pupils from the time of their admission until their education is completed, with a view to their self-support in after life. In some cases this is a most difficult task, but your Committee are encouraged by the results obtained, which are attributed in a great measure to the facilities afforded in the several workshops where manual training takes place.

Twice annually the progress of the pupils is reviewed, and arrangements made where necessary, for them to be taught trades for which they are best suited, or suitable for the districts to which they will return after their training is finished.

An alteration has been made in the pupils' Progress Books, which the Committee are of opinion is a decided improvement, viz. : by arranging for a section of each book to contain space for the reports of the Medical Officers, the Ophthalmic Surgeon, the Dentist and the Matron. These reports will form the medical side of the Progress Books, and will be kept in addition to the portion containing records of educational progress.

H. M. Inspector of Special Schools, Dr. Eichholz, has visited the Main Institution and also the Kindergarten Branch School, but no official report of these visits has yet been received.

New Workshops. Two new Shops, each 100 feet by 45 feet, forming the Mat Department, were opened at Harborne in the Autumn of last year. These are up-to-date in every way, with a Mess Room attached, and provide accommodation for about 40 workers. There is still a deficit in respect to the cost of these buildings of £1,997.

In consequence of the removal of the Mat Department to these new premises at Harborne, considerable alterations have also been carried out in the Workshops attached to the Main Institution, thereby affording accommodation for ten Day Workers and for seventeen pupils chiefly in the Brushmaking and Knitting Departments.

Increase of Fees. In September last your Committee decided, owing to the increased cost of maintenance, to increase the fees for the education and maintenance of the pupils at the Main Institution from £26 5s. od. to £30 per annum, the increase to date from the 25th of March, 1909. This increase has been acquiesced in by the various Authorities who are responsible for payment of the fees.

The valuable financial assistance so generously given by the Committee of the **Gardner's Trust.** Gardner's Trust for the Blind, is again gratefully acknowledged. These grants have been the means of assisting very deserving cases of both sexes to receive a special course of training, and the results are most gratifying.

The total Annual Subscriptions received during the year, to the various funds of the **Finance.** Institution, amounted to £1,176, being an increase of £27 compared with last year's total. This is however, due to the increased subscriptions in connection with the Blind Workers' Wage-Augmentation Fund. The Subscriptions to the General Fund unfortunately show a decrease of £45—which is attributable to the loss of many friends by death, and to the fact that some subscribers have reduced or discontinued their subscriptions for a time because of the bad state of trade.

Your Committee earnestly appeal for new subscriptions to the General Fund, and to that of the Kindergarten Branch of the Institution.

The ordinary Donations from all sources received during the year, amounted to £1,634, being a decrease of £192 as compared with last year.

It will be observed on reference to the Legacy Account that the Committee have been very fortunate during the past year, and for this they are exceedingly grateful. From this fund it has been necessary to write off the very serious deficiency shown by the income and expenditure account for the year.

It is gratifying to the Committee to be able to state that during the past year the salaries, wages and allowances paid to the Blind employed by the Committee—including Teachers, Travellers, Canvassers, etc.,—as well as Day Workers—amounted to £5,108, which is £322 in excess of the previous year.

The number of blind persons visited during the year was 405, and there have been 38 deaths. The following pensions have been awarded during the year :—

Adult Blind.

Government Old Age Pensions	25
Hetherington's Charity (£10 each)	9
Day's Charity (£12)	1
Society for granting Annuities to the Poor Adult Blind (£6 each)...	2
Painters' Charity for the Blind (£10 each)	2

It is impossible to over-estimate the value of these pensions in enabling their recipients to live without being a heavy burden on their friends.

The visits of the Adult Blind Teachers are still very highly valued. Records of all cases dealt with by them are kept at the Main Institution. Parcels of Grocery continue to be distributed to deserving cases.

One of the cases now visited is that of a woman who was an Elementary School Teacher. She has lately become blind and almost totally deaf. She was taught to read Braille in one lesson, and her joy can be better imagined than described. She now writes Braille extremely well, and greatly appreciates the visits of the Teacher who taught her how to read and write in this system.

About 60 new cases have been discovered.

In July, 1908, a successful Tea Party was held at the Main Institution, and a large number of blind persons and their friends attended and were entertained. It is hoped to again give a Tea Party in July, 1909.

The usual Annual Concerts and **Entertainments.** Monthly Entertainments have been held at the Institution and have been attended by large numbers. The Committee heartily welcome to these Concerts and Entertainments the presence of all those who are in any way interested in the Work among the Blind.

Middlemore Trust. The amount of £47 7s. 11d. has been expended in grants or loans of money, machines, tools, materials, &c., to 18 beneficiaries during the past year, with a view to enabling them to make a good start in life on the completion of their training at the Institution.

It was with the deepest regret that your **Executive.** Committee received, in September last, the resignation of Mr. Henry Stainsby as General Superintendent and Secretary. He gave up his position to undertake the post of Secretary-General at the British and Foreign Blind Association in London. Mr. Stainsby was connected with the Institution for over 28 years, and his services are well known to all who take an interest in the work. Your Committee have unanimously elected Mr. Stainsby as an Hon. Life-Governor and a Member of the General Committee. To commemorate the services of Mr. Stainsby in the cause of the Blind a Pension Fund has been established in connection with this Institution, known as "The Henry Stainsby Pension Fund for the Blind." A copy of the Scheme is given in the Appendix of this Report. The amount already subscribed is £263 os. 11d., and it is hoped to award the first pension before the close of the present year. In connection with this Fund, the children of the Kindergarten School gave three performances of an Operetta entitled, "Briar Rose or The Sleeping Beauty," and as a result the Fund benefited to the extent of £10. The need of a Pension Fund in connection with this Institution has been felt for a long time past and the Committee take this opportunity of appealing to the generosity of the public, with a view to placing "The Henry Stainsby Pension Fund for the Blind" on a sound financial basis.

Mr. W. H. Thurman, who for many years held the post of Clerk to the Special Schools Committee at the Birmingham Education Department, has been appointed as successor to Mr. Stainsby, and began his duties on December 1st, 1908. Although Mr. Thurman has only taken up his duties a few months he has already shewn such an interest in and keen grasp of the work that the Committee feel sure that in him they have appointed one who will prove a worthy successor to Mr. Stainsby.

The efficient instruction in the Music **Music.** Department still continues under the Head Music Master, Mr. A. R. Gaul, Mus. Bac., and his staff.

In December last, twelve pupils took the examination of the Incorporated Society of Musicians, and all of them were successful in passing.

Obituary. Your Committee desire to record, with great sorrow, the death in June, 1908, of Dr. E. Rickards, who for many years served the Institution in the capacity of Hon. Medical Officer, and was one of its staunchest supporters.

Blind Aid Bill. Your Committee have had under consideration the draft Bill promoted by the National Committee for the Employment of the Blind, in place of the Blind Aid Bill, which was introduced into the House of Commons by Mr W. C. Steadman and others. The object of the Bill referred to is to make it compulsory for Education Authorities to provide eligible blind persons with adequate Technical Training after reaching the age of 16 years, and it also aims at finding them employment and paying adequate wages.

After careful consideration, your Committee decided that so far as Technical Education was concerned, they were of opinion that it should be made compulsory, and that where accommodation has been provided for it, powers should be given to compel attendance.

Trade. Your Committee regret to have to record a considerable decrease in the amount of sales during the past year, the turnover being £11,020 as against £12,036 for the previous twelve months. This decrease is wholly attributable to the general depression in trade which has been experienced throughout the country. The number of customers has considerably increased, but their requirements have not been so great as in previous years. It is confidently hoped that next year will show better results.

The wages and augmentation paid to the Blind Workers in this department amounted to £4,037, made up as follows :—

Wages to workpeople	£2,474.
Wages to Travellers...	396.
Augmentation of Wages	1,167.
Total	<u>£4,037.</u>

By increasing the stock of manufactured goods, the Blind Workers benefited by wages and augmentation to the extent of over £260 more than in the previous year, when the turnover in the Trading Department reached the record total of over £12,000.

The Committee desire to place on record that the contributions to the Blind Workers' Wage-Augmentation Fund amounted to £1,109 towards the amount of £1,167 actually paid in augmentation. During the previous year, the amount collected for this Fund was £1,000 exactly. Your Committee take this opportunity of tendering their warmest thanks to the working men and women of Birmingham and the adjacent towns, who have so generously helped to make the Blind Workers' Wages more adequate to their needs.

The number of Blind Workers employed at the Institution as compared with last year, are—

		<i>Males.</i>	<i>Females.</i>	<i>Total</i>
Last year	...	74	28	102
This year	...	84	33	117

International Conference. In July last an International Conference on the Blind was held at Manchester, and particulars in reference to the same have been published in a separate document to be obtained from the Hon. Secretary of the Conference, Mr. W. H. Illingworth, Henshaw's Blind Asylum, Old Trafford, Manchester, price 2/6 nett. Two Papers were given by officials of this Institution, viz.: "Elementary Education of the Blind" by Mr. Henry Stainsby, and "Music for the Blind as a Recreation, Education and Profession" by Mr. H. E. Platt. These Papers may be obtained in a six-penny edition on application to the General Superintendent and Secretary of the Institution.

Conclusion. In conclusion, your Committee desire to thank all who have assisted them during the past year in money, materials and personal service, and thus enabled them to render help and comfort to the Blind under various conditions of life. This is indeed a Christlike work, one of God's opportunities for Christian men and women to relieve His suffering ones.

By Order of the Committee,

ARTHUR L. LOWE, *Chairman.*

G. H. CUMING BUTLER, *Hon. Sec.*

28th June, 1909.

APPENDIX.

The General Institution for the Blind,

**“THE HENRY STAINSBY PENSION FUND
FOR THE BLIND.”**

*General Laws approved by the Committee of the
Institution, on the 4th day of January, 1909.*

(1) This Fund shall be called THE HENRY STAINSBY PENSION FUND for the BLIND to perpetuate the name of MR. HENRY STAINSBY, who was connected with the Institution for over 28 years (1880—1908), the last 10 years as General Superintendent and Secretary.

The object of this Fund shall be to grant pensions and monetary benefits to deserving blind persons who are in need.

(2) The Committee of the General Institution for the Blind, Birmingham, or a Sub-Committee appointed by them (hereinafter referred to as “the Committee”) shall have the disposal and management of all moneys given or bequeathed to or received for the Henry Stainsby Pension Fund for the Blind (hereinafter referred to as “the Fund.”)

(3) All moneys given or bequeathed to or received for the Fund, shall be applied as directed by the donors, and subject thereto moneys other than those given or bequeathed by way of annual subscription, shall be invested in one or more of the securities mentioned in Law XI. of the General Laws of the Institution, or in Debentures or Preference Shares of Companies formed under the Companies' Act.

(4) The income from the Fund, including annual subscriptions, unless otherwise directed, and moneys specially directed to be treated as income, shall be applied (a) in granting one or more pensions of not less than £6 per annum, nor as a rule of more than £12. per annum, payable at intervals of not more than one calendar month, and (b) in granting monetary benefits of such amounts, to be paid in such sums and at such intervals as the Committee shall determine.

(5) Applicants of any age and of either sex, from any part of England and Wales who are totally blind, or practically so, and who are, in the opinion of the Committee, thoroughly deserving and in real need of assistance shall be eligible for grants of pensions or monetary benefits from the Fund.

Preference shall be given to those applicants who have been members of the staff or pupils of the Institution, outworkers in the Trading Department of the Institution, or persons enrolled on the register of the Adult Blind Branch of the Institution.

(6) All grants of pensions or monetary benefits shall from time to time be made by the Committee at their sole discretion.

(7) All pensions shall be subject to revision annually. On any revision the pensioner's existing circumstances shall be taken into consideration, and particularly whether he or she has attained the age entitling him or her to a Government Old Age Pension. The Pension may be increased or decreased at the direction of the Committee according to the circumstances of the pensioner for the time being.

(8) Applicants for pensions or monetary benefits may be disqualified, or a pension may be repealed or a monetary benefit, which is spread over a period, may be withdrawn and all further payments withheld by reason of the

applicant, pensioner, or recipient of such monetary benefit having inter-married with a blind person or being in receipt of parish relief (unless the consent of the Guardians be obtained that the relief will not be withdrawn if the pension or monetary benefit be continued), or having done or suffered anything whereby the periodical payments became payable to any person other than the original pensioner, or recipient, or for begging, drunkenness, playing musical instruments in the street or in public houses, or for such other misconduct or adequate cause as in the opinion of the Committee would justify them in declining to grant or in withholding the payment of such pension or monetary benefit.

(9) No alteration of these laws shall be made, except with the consent of a majority of at least two-thirds of the Committee of the General Institution for the Blind present at a special meeting of such Committee, of which 14 clear days' notice of the intention to propose such alterations, shall have been given to each member of the Committee.

Chartered Accountant, Honorary Auditor.

GENERAL LAWS.

I. That the designation of this Establishment shall be
 "THE GENERAL INSTITUTION FOR THE BLIND."

II. That the object of the Institution shall be the instruction and employment of the blind of both sexes, some as boarders, others as day pupils: the instruction to include the daily reading of the Holy Scriptures, and all the employment to be of a useful character; and also the relief and assistance of the necessitous blind.

III. That the Institution shall be supported by Donations and Annual Subscriptions; by payments in behalf of the blind; and the profits arising from their industry.

IV. That the management of the Institution shall be entrusted to a Committee of not less than twelve Governors, together with the Chaplain (who shall be a clergyman of the Church of England), the Trustees, the Treasurer, and the Hon. Secretary, who shall be ex-officio members.

V. That all Annual Subscribers of one guinea and upwards, and all Donors of ten guineas and upwards shall be Governors.

VI. That there shall be an Annual General Meeting of the Governors on such day as the Committee may appoint, to be convened by advertisement at least fourteen days previously, for the purpose of receiving the report of the Committee, passing the accounts, appointing the Officers and Committee for the ensuing year, and for transacting the general business of the Institution.

VII. That at such Annual General Meeting, Subscribers of one guinea a year, and Donors of ten guineas, shall be

entitled to one vote, and every additional contribution of equal amount shall entitle to an additional vote. No Governor whose subscription is in arrear shall be entitled to vote.

VIII. That the Committee shall meet once in every month, or oftener if necessary, and that three shall form a quorum.

IX. That the Committee shall have power to appoint Trustees; to make, alter, or repeal bye-laws, rules, and regulations for the admission, employment, and removal of the pupils; appoint and remove all teachers and servants, and pay such salaries, wages, and allowances as they shall think reasonable; they shall also have power to appoint any of the Governors to be Visitors of the Institution, and shall also have the management and application of the property, funds, yearly and other income.

X. That no purchase of land or premises, or any material alterations or additions be made to any building (beyond necessary repairs) without the sanction of the next Annual or a Special General Meeting of the Governors, to be convened for that purpose.

XI. That the moneys of the Institution may be invested in any investment for the time being authorised or sanctioned by the Court of Chancery or any Act of Parliament as an investment for trust moneys, or in the Debentures of any Company in England, incorporated by Act of Parliament, and paying a Dividend, or upon the Security of any County, Borough, or other Rates, authorised to be levied and mortgaged by any Act of Parliament, or in the Purchase or on Mortgage of Real Estate.

XII. That the Committee shall be empowered to call General Meetings of the Governors for Special Purposes (when and as often as they shall think necessary), and shall also

be required to do so at any time on the request, in writing, of any ten Governors, stating the specific purpose of the said proposed Meeting; and ten days' notice, at least, of such Special General Meeting, and of the special object intended, shall be given, by public advertisement, in one or more of the Birmingham newspapers.

XIII. That there shall be family worship, including the reading of some portion of Holy Scripture, morning and evening, daily, in the Institution, at which all the boarders shall be required to be present. The prayers and portions of Holy Scripture to be read shall be appointed by the Chaplain, to whom the general regulation of the religious instruction of the pupils shall be confided.

XIV. That on the Lord's Day the pupils shall attend Public Worship of the Church of England twice, under the care of the Superintendent; but if any are Dissenters, they may on proper application to the Committee, be permitted to attend their respective places of worship, provided that they are under the charge of some person appointed by their parents or guardians, with the approbation of the Committee.

XV. That any sick inmate, being a Dissenter, may, at his or her request, be visited by a Minister of his or her own denomination.

XVI. That no alteration of these laws shall be made at any Annual or Special General Meeting without the approbation of a majority, consisting of at least two-thirds of the Governors then present; nor without notice of the intention to propose such alterations having been given to the Committee one month previously, and that it shall be announced by them in the advertisement calling such Annual or Special Meeting.

INFORMATION RESPECTING ADMISSION OF PUPILS INTO THE INSTITUTION.

COMPULSORY EDUCATION OF THE BLIND.

Since the passing of the Elementary Education (Blind and Deaf Children) Act, 1893, all blind children between the ages of five and sixteen must attend a certified School for the Blind.

APPLICATION FOR ADMISSION.

Persons desiring a "Form of Application" should write to the Secretary. (A fac-simile of the "Form" will be found on pages 62 to 66 of this Report). When the "Form" is filled up it should be returned to the Secretary.

ELECTION OF PUPILS.

All Pupils are elected by the Committee.

QUALIFICATIONS.

Applicants are eligible for admission until twenty-one years of age, but preference is given to those under sixteen. They must either be totally blind, or not possessed of sufficient sight to be able to read the ordinary School books used by sighted children. They must also be free from bodily and mental defects which would prevent them receiving instruction, or from following some useful occupation.

PROFESSIONS AND TRADES.

Music (theoretical, instrumental and vocal), Pianoforte Tuning and Repairing, Shorthand and Typewriting, Basket Making, Brush Making, Mat Making, Chair Seating, Machine and Hand Knitting, Boot Mending, and Telephony.

HOLIDAYS.

There are holidays twice during the year, when all pupils are required to return to their homes, *viz*:—five weeks at Midsummer, and four weeks at Christmas.

The travelling expenses must in all cases be borne by those who are responsible for the payments.

By a concession of the Railway Companies, all blind pupils leaving Institutions for their Midsummer or Christmas Holidays, and returning at the close of the vacations, are allowed to travel the double journey for single fare.

CHARGES.

A charge of £6 11s. 3d. per quarter is made while a pupil at the Kindergarten Branch, Harborne, and £7 10s. 0d. per quarter while at the Main Institution, Edgbaston.

This payment *includes* board, lodging, education, and clothing, after the first outfit, but is exclusive of travelling expenses.

All payments must be made in advance.

In case the parents are too poor to make the necessary payments for their child's education, application should be made to the Secretary of the School Authority for the district in which the child resides. The School Authority is bound to take steps to educate the child by sending it to a Certified School until it reaches the age of sixteen. If the circumstances of the parents permit, the School Authority may demand from them a contribution towards the cost of their child's education. The Education Authorities have permissive powers to educate the Blind after the age of sixteen, under Part II. of the Education Act, 1902. The Guardians of the Poor have powers also to make the payments, *after* the age of sixteen.

N.B.—Although payments are made to the Institution towards the maintenance and education of the Blind, it must be clearly understood that *these are by no means sufficient for the purpose*, the remainder requiring to be supplied by the benefactions of the Charitable.

NOTE.—Attention is drawn to the fact that the percentage of cases of blindness due to Ophthalmia at birth has increased from 29.3 % in 1907, and 30.9 % in 1908 to 33.3 % in 1909. This shows the urgent necessity of familiarising the public with the information and instructions given on pages 68 and 69 of this Report.

JOHN JAMESON EVANS,

Ophthalmic Surgeon to the Institution.

PREVENTION OF BLINDNESS.

ADVICE TO MOTHERS AND NURSES.

It cannot be too widely made known that many persons are blinded every year by diseases which are preventable and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Nearly one-third* of the present inmates of this Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger*. Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way :—

Place the baby on its back, with a cloth under its head; separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

* In 1909 the percentage was 33·3%

matter out from underneath them, and do not be content till you have got it all away. Repeat this in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

Caution.—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

In Maternity Hospitals and similar Institutions for the help of Women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.

Ophthalmic Surgeon to the Institution.

The Committee again wish to
call attention to the article on
Ophthalmia at birth by

Dr. PRIESTLEY SMITH,

and to the statistical Analysis by

Dr. J. JAMESON EVANS,

of the causes of blindness in the
pupils of the Institution, on pages
67 to 69 of this Report.

They earnestly ask subscribers
to do everything in their power to
help in stamping out this preventable
cause of blindness.

The foregoing List of Bequests is recommended to those who may be desirous of assisting this Institution:

I bequeath to the TREASURER (for the time being) of "THE GENERAL INSTITUTION FOR THE BLIND, BIRMINGHAM," whose receipt shall be an effectual discharge for the same, the sum of £ free of duty, to be applied to the purposes of that Institution.

NOTE. — *Louis Benjamin*, and his estate, can be devised to and for the benefit of charity, and also charged with the payment of Legacies, together with any secured (or mortgaged), and a charge on any property secured.
